

Dear Parent/Guardian,

Lexia Learning has given free licenses to our students to use during this closure of our schools. The activities in Lexia Reading Core5® support and build on our classroom curriculum and focus on developing reading skills in six areas: phonological awareness, phonics, structural analysis, fluency, vocabulary, and comprehension.

Here's how Lexia Reading Core5 works:

- Your child begins Core5 at a starting point that fits his or her needs and works in online activities throughout the week.
- Online activities include direct instruction and feedback as your child learns new skills.
- Progress and performance in the program is reported so teachers can provide help when needed.
- Paper-and-pencil activities can also be used for practice at home.
- Achievement certificates may be sent home to celebrate success and to show progress in the program.

Lexia Reading Core5® can be used at home for extra practice. Your child will now be able to access Lexia on their clever dashboard at www.clever.com/in/spokaneschools

The icon for Lexia Core 5 looks like this:

Lexia Core5

It is important that your child works without any help when they take the placement test. Please encourage them to be focused and try their best so the placement results help your child start strong and get the instruction and practice they need most.

All the work your child does at home is recorded and reported to school. This way, teachers can see when help is needed and provide additional instruction and guidance.

If you have a question about your child's username or password, please contact your child's teacher.

We hope you share our excitement about this program.

We are confident it will be of great benefit to your child's continued learning!

Here's a short video to introduce you to Lexia: [LINK](#)
