

## 6<sup>th</sup> Grade Strings Home Practice Ideas

Go to this website [www.kjos.com/ips](http://www.kjos.com/ips) for an interactive practice studio that works with your String Basics Method Book. On the back cover of the book is a license code that you will need in order to get access to lessons and the practice tracks that we use in class.

Go to this website [www.classicsforkids.com](http://www.classicsforkids.com) for music games, learning about composers, podcasts and short music quizzes.

Practice the songs you have learned in class and perform a “Living Room Concert” for your family.

Try learning a song from your book that we have not learned in class. Remember that there is a lot of information on the top of each page (in the purple sections) that will be helpful if you have questions.

I know your instruments will probably go out of tune. You can get them tuned at any orchestra music store. Here is a list.

Amend Music	1305 W. 14 <sup>th</sup> Ave.
Amend Music	6301 N. Regal St.
Hoffman Music	1430 N. Monroe St.
Custom Strings	11511 E. Trent Ave.
Violin Works	818 W. Garland Ave.
