

## **Student Advisor to the Board**

The Spokane Public Schools Board of Directors recognizes the value of student representation on the school board so that student voice and input is included in the board's work. Student advisors will communicate with other district students and receive their input and perspectives. To foster this relationship, the board will annually appoint two students as advisory non-voting members of the board. Student advisors will be in their junior or senior year.

Student advisors on the board are expected to attend all assigned meetings. The student members will contribute to board discussion by providing student insight and perspective, serve as a liaison for the associated student body and report to students about the work of the board and district activities. Student advisors will not attend executive sessions, make motions, or hold board offices.

To achieve representation from each high school, applications will be received from schools on a rotating basis. To achieve fair representation, the two schools represented by students during the prior year shall not be eligible to submit student applications for the following school year.
